## SINGULAR STYLE

Combining the best qualities of an urban boutique hotel with the charm and character of more intimate accommodations, **Salt Hotels** provide a fresh approach to the traditional bed-and-breakfast. All three historic properties date from the late 18th century to mid-19th century.

A freshly prepared breakfast is a Salt Hotel staple. Homemade pastries and granola and the daily changing yogurt parfait are served in the dining room, or

guests can enjoy the luxury of breakfast delivered to their room at no extra charge. Concierge service also rises to a new level. At check-in, guests receive a customized local map with recommendations for local, off-the-beaten-path experiences. [salthotels.com](http://salthotels.com)
